

Account Settings

Emails and Affiliations

Add additional email addresses to your account to access any upgrades your university or institution has, to make it easier for collaborators to find you, and to make sure you can recover your account.

To change your primary email, please add your new primary email address first (by clicking **Add another email**) and confirm it. Then click the **Make Primary** button. Learn more (/learn/how-to/Managing_your_Overleaf_emails) about managing your Overleaf emails.

Integrations

You can link your Overleaf account with other services to enable the features described below.

Project Synchronisation

Dropbox

Premium feature

Keep your Overleaf projects in sync with your Dropbox account. Changes in Overleaf are automatically sent to your Dropbox account, and the other way around. Learn more (/learn/how-to/Dropbox_Synchronization)

[Upgrade \(/user/subscription/plans\)](/user/subscription/plans)

GitHub Sync

Premium feature

With GitHub Sync you can link your Overleaf projects to GitHub repositories, create new commits from Overleaf, and merge commits from GitHub. Learn more (/learn/how-to/Using_Git_and_GitHub#Overleaf_GitHub_Synchronization)

[Upgrade \(/user/subscription/plans\)](/user/subscription/plans)

Git Integration

With Git integration, you can clone your Overleaf projects with Git. For full instructions on how to do this, read our help page (/learn/how-to/Git_Integration).

Your Git authentication tokens

Your Git authentication tokens should be entered whenever you're prompted for a password.

[Generate token](#)

- You can generate a token using the **Generate token** button.
- You won't be able to view the full token after the first time you generate it. Please copy it and keep it safe
- Previously generated tokens will be shown here.

Reference Managers

Mendeley Integration

Premium feature

With the Mendeley integration you can import your references from Mendeley into your Overleaf projects. Learn more (/learn/how-to/How_to_link_your_Overleaf_account_to_Mendeley_and_Zotero#Using_Mendeley)

[Upgrade \(/user/subscription/plans\)](/user/subscription/plans)

Zotero Integration

Premium feature

With the Zotero integration you can import your references from Zotero into your Overleaf projects. Learn more (/learn/how-to/How_to_link_your_Overleaf_account_to_Mendeley_and_Zotero#Using_Zotero)

[Upgrade \(/user/subscription/plans\)](/user/subscription/plans)

Linked Accounts

Google

Log in with Google.

[Link \(/Auth/Google?Intent=Link\)](/Auth/Google?Intent=Link)

ORCID

Securely establish your identity by linking your ORCID iD to your Overleaf account. Submissions to participating publishers will automatically include your ORCID iD for improved workflow and visibility. Learn more (</blog/434>)

[Link \(/Auth/Orcid?Intent=Link\)](/Auth/Orcid?Intent=Link)

Overleaf Beta Program

We're always improving Overleaf. By joining this program you can have early access to new features and help us understand your needs better.

You are not enrolled in the Beta Program
